

Friday Funday! Catapult

Welcome to Friday Funday! There are only 3 things to do today.

1. Make a catapult.
2. Calibrate it so you can hit a bullseye with only one try.
3. Win!

You have the following materials:

- 10 - tongue depressors
- 6 - rubber bands
- 1 - spoon
- 1 - rubber stopper

Your goal:

At the end of class I will setup a target on the floor. You will have one shot to hit the target after you measure the distance to the target.

The proposed design:

Taken from: <https://littlebinsforlittlehands.com/popsicle-stick-catapult-kids-stem-activity/>.
